StoneHaven Le Manoir in Sainte-Agathe-des-Monts, Where an Unforgettable Experience Awaits

*Take advantage of the Mothers' Day Package to discover
its luxurious and relaxing amenities.*

Sainte-Agathe-des-Monts, May 4, 2021 - StoneHaven Le Manoir, the Laurentians's precious jewel of hospitality, is pleased to welcome Quebecers in a safe and sanitary environment. This luxurious hotel, restaurant and spa includes 34 rooms, whose timeless elegance are sure to delight travellers and food lovers in search of a truly unique experience. They will be entranced by the hotel's magnificent site and its sumptuously restored historical building. StoneHaven Le Manoir is also where you can enjoy the finest cuisine, expertly prepared and served under the direction of Éric Gonzalez, starred chef and member of the Association des Maîtres Cuisiniers.

Chef Éric Gonzalez's Fine Cuisine

Since last July, Éric Gonzalez (L'Atelier Joël Robuchon, Auberge Saint-Gabriel) has taken on the task of Executive Chef for the hotel's restaurant, where he offers a menu of contrasts and paradoxes, combining timeless tradition with thoroughly modern approaches. Committed to using local products and

promoting the region's producers, he creates menus that surprise and amaze his patrons. Given the current circumstances, since meals cannot be enjoyed in the restaurant's dining room, they are brought to the guests' room, providing them with a most intimate experience. Nevertheless, chef Gonzalez's cuisine will leave an indelible mark in their memories, whether they opt for the tender black cod, cavatelli with cuttlefish ink, squid-octopus-chorizo and lime-saffron foam, or the *foie gras au torchon* with strawberry-rhubarb-kumquat.

A Wide Selection of Activities in an Idyllic Setting

In addition to its gourmet dishes rivalling Canada's finest tables, StoneHaven's undeniable cachet delights its guests for numerous other reasons. Spread out over 140 acres, bordered by Lac-des-Sables and the mountain, this unique establishment is nestled in nature. The main building, its furnishings and its Italian garden reflect the hotel's historic roots, with elegance and luxury but without being ostentatious. Although the building's purpose has changed over the last century — from a rich businessman's private home to a residence for the Pères Oblats — its inherent lavishness remains. StoneHaven Le Manoir is one-of-a-kind among tourist accommodations in Quebec. The spirit of yesteryear is preserved through the careful selection of furnishings in each of room. Chandeliers, dressers, chairs make each room unique and authentic.

Guests can relax by the pool, or in the Finnish whirlpool and sauna, enjoy High Tea (sanitary measures permitting), or take part in a guided tour to discover the site's history and amazing stories. In addition, StoneHaven's neighbours and partners offer a variety of activities including golf, boat and helicopter rides, hiking, cycling, fatbiking, ziplining and even rappelling. In every instance, the hotel's concierge Caroline Lemieux, a member of Clefs d'or Canada, is available to provide her insights. New activities will be added over the course of the next few months, ensuring an even more entertaining stay.
